Dear Reverend Peoples:

I can't tell you how much I appreciated your call yesterday & how much I enjoyed meeting you & Mrs Peoples. I spent last night looking over your Bohemian material & it is stupendous! Only aching eyes stopped me. You must have spent years on this project & surely you plan to publish something on the

subject. I know the Poluans are  
 "royalty" — but not so complete-  
 ly royal as your records prove.  
 Who got the estates after Edmund  
 junior's death? Were Minke's  
 tried & were always called  
 themselves Poluans — Minke  
 hopefully —

I have enclosed 4 sheets of  
 Sajan genealogy to do with  
 as you please. Would you be  
 interested in more details or in

What share in the Prebbs? It is  
 interesting to learn that Mrs Miles  
 is a Prebb descendant, & my  
 Oria woman through the Baranels.  
 If it will not bore you, I will  
 send you a little of my family  
 tree — & perhaps some day  
 I will ask you to solve a puzzle  
 for me, but only on a business  
 basis. When in Charleston again

please come & see me for I can  
never get to Milton Head!

Cordially,

Rachel S. Logan

P.S. I really love the Rachel - for  
my grand mother & for Rachel  
Villington, my <sup>great</sup> great-grand  
mother, who arrived plus some  
of St Thomas, a T.P. in 1706.

People seldom use it, as my  
sisters dubbed me "Daisy" <sup>Dr</sup>  
as a baby - R.S.L.
