

MRS. T. STACY CAPERS

My dear Mr Peoples: (Cuz)

So nice to hear
from you learning that you
can let me have "Our Family Circle"
Enclosed find my check for

25⁰⁰

I have asked "our" cousin Gus Wyatt
to help me find a copy of
"A Family History" by Annie Willingham Willis
(a cousin of mine) - It includes I'm
sure much of the families in
"Our Family Circle" however it does in-
clude me and my family, which of course
would mean much to me -

I spring from the 3 Baynard girls
and 3 Willingham boys that married
Thos. Will - have my great grandfather
my H.A.B. record is from Joseph Stanton

Mr. Robert "Robert" Miller of
traded with his wife of our

home in his long many years
a - my husband was taking

course from him of Columbia

Frankly we seemed "one

night near 2 o'clock. "I don't see"

also reflecting hope to get

more information in the "Capers"

"family" as far as get on "myself"

from papers about and the "old"

family -

in which was heard in the

home of some of Stacy on

out at riding (with some money)

theater and party - (Murray &)

was in luck of attending German

in Columbia St. first show of "Hank"

presenter of "Hank" 1916

We, of course felt we'd return
south, instead we served
in New Jersey - first then a few
years at Old First Church Pittsburgh Pa
thirty years Hollidaysburg Pa -

I have been widowed since
1954 - have beautiful family of
five - all have made us proud
and great up - in their accomplish-
ments and contributions to the old world

I've loved our lives here
but I have missed the South
and my loved ones there -

The reunion sounds beautiful
quite a temptation I assure you -
maybe the Whatts & Capers will
make it - some day - Don't just say now
many thanks for giving me the
opportunity and thrill of "Our Family Circle"
May you have a blessed Christmas
and a challenging 1976 -

Gratefully Yours

Keene Wedges Coker -
