Dear Cousin Peoples,

I am delighted with
the papers and chart which
you prepared for me.

I'm sure you have
been involved in the proving
of relationships listed in these
accounts - so you can help me
as to how to go about it. Would
a signed statement from you,
as genealogist, be sufficient proof
to organizations such as U G C,
that these are my forebears.
If so that would be easy to do.
The following is what I got
from you -

1. The McPherson Family of Prince
Williams Parish, D.C. - July 1967
2. The Baker Family of Archdale Hall
on the Ostley, D.C. July 1967
3. Early Generations of the Carter
Family in D.C. July 1967
4. The Genealogy Chart from
Edmund Baker 1649-1699 Through
Valentine I 300 +
5. The Baker Family of ^{England} ~~Normandy~~ ^{and Carolina}
Under James McPherson 1689-1771

"The descendant list"

The 2nd paragraph states: "He made his
will 27 Sept. 1785, proved 25 March 1771"

Evidently the 1785 is a missprint - probably
meant to be 1765. Would you check this
for me?

Do you have a copy of "Here in His
Time" by you about him? If so would
like to purchase one.

Do you know which Thomas Cater
is the one the article was written
about that I sent you the copy of?

The "Restless Ghost of Thos. Cater"
I have seen two coats of
Arms for Cater. Do you know
which one we're entitled to?
The one with the Salmon or the
one with the Lion?

Do you know who Lady Janet
Edmund Bellinger married?

I hope my many questions
aren't too difficult.

Sincere Best Wishes
Ernie C. Roberson

P.S. Do you have other Genealogy Records
besides those connected with the Cater L. line?
The DePortes of D.C. for instance.
