Dear Dr. Peeples:

I am a descendant of Joseph Cater who was born in South Carolina on 7 November, 1795. He came to Vanderburgh County, Indiana via Warren County, Kentucky. I believe that his mother and sister may both have been named Eleanor or Ellender.

At the same time in Vanderburgh County were a William Cater and a Benjamin Cater. I believe that they may have been brothers of Joseph. These three names reflect the names of the sons of a William Cater of Barnwell District in South Carolina. I wonder if there might be a connection - whether these three might be the sons or grandsons of William Cater of Barnwell?

I wonder if you might have any information on this family and could possibly help me connect them to the Cater family in South Carolina? Any help you may be able to provide will be greatly appreciated. Thank you.

Sincerely,

Harold L. Cox
