Dear Mr Peto

In answer to (two) letters sent to my late mother, Mrs John Peto at Staten, I daresay I will tell you all that I know.

One Joseph Peto my father's father, was learning to be a silver-smith in England & was a young boy. He was so mistreated where he was learning that he ran away first but he came, I do not know was a silver-smith here, and passed away some 35 yrs ago

This Jrs. Peto, had a brother in this country who married 3 times & just how many families he had I do not know, but other than direct descendants of him, we don't hear of a "Peto" whom we have no special connection, but presume it must be of the same family.

We read of a very fine woman who is associated with Scotland yards in England, is of the same family.

My father John Peto deceased 3/40 had two cousins in Phila, one Anna Peto, she had a brother, these were of another branch who settled in Penn & lived many many years ago.

I would like to know from Chicago if you people are shared you come to N.Y. do come in a sec me.

My father leaves 3 daughters, Abigail, Gladys & one son Arthur.  
Very Sincerely,  
Abigail E. Peto.
