Dear Sir,

I am so in receipt of your letter of 14<sup>th</sup> Inst. addressed to the House of Commons - I am no longer a member of Parliament as I did not stand at the last general election -

I am afraid I cannot help you - The Branch of the Peto family to which I belong most lived in Surrey in the Godalming Guildford District -

There is a place near there called Woking,

but I never heard of any place in England called Woking Sorel (though there may well be such a village somewhere).

My eldest brother in writing a short life of my Father Sir Morton Peto included at the beginning a genealogy of the Peto & allied families. I have consulted but it records no James Peto who emigrated in the latter part of the 17<sup>th</sup> Cent. to America.

Yours faithfully,

Basil Peto

Baronet.
