Some years ago we heard there  
was some money in circulation  
the Chablers, He got a first class  
lawyer in Augusta Ga. (who knew  
some lawyers in London England)  
to write out find out about it -  
They said the "line" was "broken" &  
they could not connect the lines -  
They sent us a list of names. "John"  
was on the list, also sent names of  
"Saxbys."
