Dear Cousin,

I do hope you can help us out
with this August genealogy. If you
need more information, please call
me collect. It was good to talk with
you - my regards to Cora and Johnny
thanks.

Respectfully,
Charles

Dear Dr. Davant:

In reviewing our files, I found your supplemental application for your Robert line. We still need some additional documentation before this can be approved. We need proof of the dates for Mary Bostick, wife of Charles Davant and proof of her parentage. We also need proofs for Generations 6 through 9.

I am enclosing a copy of the worksheet we have and hope that you can help us fill in some of the missing information. In order to document dates and parentage, we need a copy of something which gives the source of the information - not simply a genealogy, but a copy of a will, birth record, death record, land or Census information, et cetera. I will be glad to try to work from Generation 9 forward, but we do ask that you send us anything you have found which would help. Please let me know if you have any questions.

Sincerely,

Harriott Cheves Leland
Archivist/Researcher

Dear Dr. Davant -

I just found your other file at the bottom of the stack and we need one generation proved from it. We need to find proof of parentage and marriage for Charles Davant and Elizabeth Fendin Bland.

I found proof of Elizabeth's birth and parentage, but we need the same for Charles. The Davant Family History says that Charles may have been buried at Richard Bland's plantation on St. Helena's Island, but I haven't found either a record of this or copies of the epitaph. If you can help with this, it will clear up this file, once we also have proof of Charles' parentage.

If you need a copy of the worksheet for this file, please let me know and I will send it on to you.

Sincerely,

Cheves
