

TO ALL DAVANTS!

The Hilton Head Island Historial Society has made an appeal for help in clearing and maintaining the graveyard of the church in which many of our ancestors worshipped. The church was destroyed many years ago, but there are many stones remaining which belong to ancestors. It needs some remedial attention other than just cleaning up the graves. Sidewalks to divert tourists from treading on the graves, and later, perhaps some beautification. It is a lovely site, probably on the plantation of Charles Davant who was shot from ambush within sight of his home, during the Revolution. Perhaps someone would like to organize a standing committee to receive donations and transmit them to the Hilton Head Historical Society. Suggestions are welcome, and so are donations! I sent my money.

Sincerely and interestedly,

*Hardin Davant Hanahan*
