

12/12/80

Dear Dr. Peoples

I have not heard anything of you since I wrote you of Rev Paul Chaplin and he says that he never got a reply from you after he sent you information about his Chaplins. I hope that this does not mean that you have not been well.

My genealogical activities have been on the back burner lately, but I expect to be comparing notes with my sister Sue Lewis whom I will be visiting over Christmas.

We see your friends John and Jane Broadboks regularly whom I am sure are concerned of news of your welfare. Wishing you the best for the holiday season.

Pat H. J. Kemp
