

May 26, 1984

Dear Robert:

To prove that I am not entirely slovenly you will find enclosed two Durr Family groupings prepared from your chart enclosed with the letter to J.C. Smoak dated June 20, 1977. I hope you will review each and advise me of errors and needed changes.

You will note that on the chart headed MICHAEL DURR his date of birth is stated as 1770. His son John's birth date is shown as 1772. Kinda close isnt it? can you clarify?

Secondly, in your letter to me dated 16 Apr 1984 you discuss Elizabeth wife of JOHN DURR (1772- Nov 1820) also on your chart sent to J.C. Smoak. I am confused when when I compare the letter and chart and feel that you can straighten me out. It seems that the Elizabeth married Dec 1793 to Henry, John, William or Christian Rode was John Durr's (1772-1820) sister. I had gathered from the chart and your W letter that John Durr's (1772-1820) wife Elizabeth was the daughter Christian Frederick Kerr (Carr). This may confuse you. It looks as if John Durr (1772-1820) had a wife and sister both named Elizabeth. Which was which? Can you straighten me out?

Am looking foward to the RHOAD reunion tomorrow. I may get some info on the Byrds in our family. If so, will share it with you.

Hope we can meet soon. Meantime, our very best to you and yours.

Sincerely,

Cyril O. Shuler
