Dear Rev Peeples:

We are not acquainted but possibly share some interests. I have a letter you wrote my cousin J.C.Smoak 20 June 1977. It has to do with the DURR and BYRD families.

I am a very amateur genealogist and have very little verifiable data on either family. Such data as I have is to be found in your family chart attached to the above referenced letter. Your chart provides many useful dates, etc., not previously available to me.

I will be happy to share any info that I have and will be happy to arrange a meeting to get acquainted and to exchange info. I recently visited my only living aunt, daughter of Daniel Byrd Rhoad. She has a limited amount of family information from memory that she will share. She would be interested in joining us if we have a meeting. ( Daughter Lena Kathrine Rhoad McCormac, R# 1, Dillon, S.C. 29536)

I hope that you will receive this letter and that you will reply.

Sincerely,

*Cyril*
