Please interpret these records as follows: In how received, when a date and the word "roll" appears, this is the first roll list on which the name appears and no exact date or mode of reception is listed. "Cert" means by certificate of transfer. In how removed, a date and the word "roll" means that the name does not appear on that roll, but does on previous rolls, meaning that the membership was terminated sometime prior, but not too long prior to the date of the roll, that is when "no record" appears after the date. When some disposal appears after a date and the word "roll", it means that in that year or not too long after that, that disposal took place.

I have included these records beyond the ones mentioned in your letter because they may be of value in shedding additional light on names you may already have, or provide some extra ones. In case you need more information, let me know and I will see if I can get it or put you in touch with someone who can. I am just interested in these things and glad to correspond with someone who is also interested.

Sincerely,
Louis M. Adams (Signature)
