

Folk

Friday p.m.

Bob...Since your letter of Sept. 18 I have been able to get more dates on Clarion Coy Folk - You gave 10 July 01 and Earl Steadman gave '02, and same date for death. For Wm. Gerard 2-9-04 rather than the 03 you had and 4-1-34 rather than the 4-4-34 you gave. For John Gustavas Folk 4-16-08 and the same death date as given by you. Anyway, some discrepancies but suppose these are about as good as can be gotten so the next time I am in Columbia I will go to the granite company and get the three markers; however, I believe Coy has a son living somewhere around Columbia. Maybe I can get more on that when I visit with Earl, and maybe he will be willing to take care of that one. I am interested in the information I asked about...the information for the stone and an obituary. I will have to be in Estill next week for jury duty or whatever that involves. I imagine Doug will probably come several days after I get there since we both have been sick with colds and he has not been able to get to his place in some time.

R.
