Dear Dr. Peeples:

After having digesting the information in your letter I now have some more questions to ask you.

I have checked with the Chas. County Library and they do not have Hiers Genealogy, Penn. German Settlers, or Summers, Newberry County, S.C. Historical & Genealogical Annals. Do you know where I can find these and copy the pages you mentioned?

Do you also know of any other books that might include information on the Fôlks in Barnwell, Bambug or Colleton or Orangeburg Districts? Could there be information in A.S. Salley's Orangeburg County?

Apparently, I can get information on the Rentz family from Hiers Genealogy, if I can find it. By the way, who is the author? Do you know of any other materials that may have Rentz information?

Also, do you have any other sources for information on the Epting, Inman and Howard families?

I have enclosed a copy of Pages 264 & 265 of Annals Of Newberry. Underlined is the gentleman in question. Do you know of his relationship to us, if any?

I am looking forward to meeting you next week-end. I plan to attend the Society of First Families luncheon and the Huguenot meeting. Hope you have a nice Easter.

Thank you so very much for all of your help.

Sincerely,
Lgn
