Dearest Bob + Core:

I can't think of any one to help with the tables. Guess we'll wait until enough men get there to set them up. Frank Hiers makes the demarcade with the help of his bro's. His address is Sodge, S.C.

Daisy and her family will be away for a wedding in Saluda, S.C. I'm's only sister's daughter is getting married Saturday night - Beth is in the wedding.

I'm getting a roll of paper table cloth for the tables. It will cost about \$4.50, ~~but~~ those tables can't be too clean. I had been trying to go over with them with soap + water but if we set them up Sun 9. m. we won't have time for them to dry. The Building is \$15 in advance this year. I have already paid for that. They have a new Supt. At the Park and the State has changed so many rules this year, which I like very much,

Don't fail get to Appoint a Committee  
for the election of officers.

Edith and I have been trying to get to  
Estill to see your mother. I have had  
a severe case of Hay fever. I hate to go  
any where with these weeping eyes + nose.  
We hope to make it before the Reunion. Sooner  
as the tree's put out I'll be over the Hay  
fever.

We are real busy, planning for several  
meetings in April. We have the Edisto District  
U. D. C. the 5<sup>th</sup> Sun. in April at the Park. We  
are few in number to work. Easter Sunday  
Ernest Family are having a Covered dish  
dinner at his home place. His Bro. Will be  
here <sup>from</sup> La. Will be home. He comes about once  
a year.

I am sending the Notices to the Paper  
and Radio Stations along with the Cards.  
Hope we can get more of the George  
Jalk Family to attend. Lamar wrote me  
some of the George Stephen's family  
plew to come this year. He visited them  
when he was here in Feb.

Sincerely

Winnie
