

Dearest Robert + Cora -

Mon. Night.

We are always so happy to see you at "Berion" and enjoyed your short visit here. Glad Margaret and John came - sorry my Grandsons couldn't make it. They hate to miss that "yearly event" Chadwick + Julian Jr. - ^{John} - hated they missed ^{John}.

Millard and Bessie came over this P.M. after she closed the store. I was cleaning out + have been all day while we had plenty rain. Found this clipping also am sending a copy of Father's service (in case you don't have it). I had that in connection with W.H.C.

Had the names of the "Folks" before my Grandfather, John Francis. Surely do have to put on my thinking cap - what I had distinct when my Father told me things. Know plenty about Walter - M = Catehill etc.

Robert, you may have that date of John Jacob Folk's and Margaret Burr's Marriage he wrote it but Bible leaves are so yellow - I couldn't tell whether that was an 3 or 30. Just think how many years that has been - 102 yrs - + Papa's hand writing. I know he would have loved having some Preacher among his Grand C. He was such a fine Christian man!

Guess you knew ² he named his sons
for Preacher except J. J. Mother named
him. By that time he had run out of
names. I've heard Aubrey, his very best!

My room was beautiful to-day - Thank-
ful for the nice rain.

Thanks so much for the lovely Christ-
mas card & note. Appreciated the letters
and notes enclosed in cards - look for-
ward to those from relatives and friends
who live in most States. See when you
lined 7/10's one, have known lots of fine
people of all ages.

Enough gossip. If I get or find any
more about our folks, will send it. An-
tended mailing clipping in Christmas card.

We plan to meet at Libby's for our
50th Anniversary on 4th Sem - in May.

Have been to three or four within
the past few months. Edith will be
busy with finals - it's all day long.

Winter Haven High or Teachers aren't
out until mid-June. She teaches one
class of College Students one night weekly
extra. Then for five years, has taught
Summer School. Everyone keeps busy, eh?

With love to home.

Aunt Edith.
