Dear Sir,

I am researching the Copeland/Ringer Families of South Carolina. I have been in contact with Mr. David Sease of Newberry S.C. He is a member of the Genealogical Society for the Newberry area. In my last conversation with him he mentioned some other Copeland researchers who are members. He told me that you were listed as researching the Copeland/Ringer Families among others.

I don't know if you are still interested in ancestor hunting, but I hope you are. I have been working on the Copelands for about two years now. I have been unable to locate the name of the first Copeland ancestor in South Carolina. The only work I have located so far is the "Many years After" by David G. Copeland. I have never seen anything that would show that Jacob Copeland (1757-1836) was related to Aaron Copeland (1762-1832). Do you have any information along this line? I would enjoy hearing from a fellow Copeland researcher.
