Dear Dr. Peebles,

How very kind of you
to send me the pamphlet on
"Histon Head Island Farm-
lies" and I have been
keenly interested in read-
ing it. My delay in writing
you was due to the fact
that I was leaving to spend
Christmas in Georgia (Atlanta)
with my daughter the day
after the folder arrived
and I have had no oppor-
tunity until now to reply.
I was especially interest-
ed in your mention of Paul

Grimball of Edisto as I
am a direct descendant of
his and also of Pierre
Roberts. Have you, by
chance, ever read "Tales of
Edisto"?

I am curious as to
whom I am indebted for men-
tioning my name to you -
was it Camille Lalar Orme
or Calder Widdingham Payne?
They are both very much
interested in our family's
history.

With sincere appre-
ciation for your thinking
of me,

Eleanor Widdingham
Johnson
