

party about that
too late to do over

Van Buren, Mo.

April 29, 1974

Dear Cousin Cora —

Say, that has a pleasing ring. Will be looking forward to your visit. My brother, Dr. William Lawrence Pritchett, 2150 NW 2nd Ave., Gainesville, Fla. 32603 and his wife, are working on the Pritchett genealogy. They, of course, will be interested in the Harris lineage — He is a professor at U of Fla —

Myrtle just recently had a gall stone operation — She is to be released from the hospital today — This may necessitate our meeting at her home. My mother's sister, Flaye, who just recently moved back here from California is looking after Myrtle and Charles.

She should be able to add to your information —

Sincerely
Haddon Pritchett
