October 1, 1982

Dear Cousin Robert,

Thank you for your card. CONGRATULATIONS!!! For Volume I of JAUDON OF CAROLINA! We will eagerly await our copy of TRANSACTIONS.

Have been recruiting relatives who would be responsible for information about the other 8 children of Martha Ann Jaudon and have had a little success.

5. — Mrs. George Widner (Marian) 347 Tram Road, Columbia, S. C. 29210 will furnish you information on No. 5 - Benjamin Walter Jenkins.

6. — William Green Jenkins, Main Street, Barnwell, S. C. will furnish information on Basil Manly - No. 6.

2. — Have located a lady here in Columbia who is descended from Thomas Wesley Jenkins - No. 2 child - and my brother knows her well. I have begged him to get all the information he can from her and he has agreed.

This would be a big group as Thomas and Sara Agnes Wells had 10 children.

ALL THREE ABOVE GROUPS SEEM HAPPY TO SEND INFORMATION DIRECT TO YOU...SO I GAVE THEM ALL YOUR ADDRESS. Hope this is O. K.

3. — Katherine Brabham will send you JAMES ALBERT JENKINS AND I WILL ^{No. 3}

10. — SEND YOU SUSAN CORNELIA - No. 10 child.

Now... I have an "accumulation" of information - some detailed and some sketchy...about the others of Martha Jaudon's children. Do you want what I have or do you think you will have sufficient from other sources? I have some dates, etc. on No. 8 - Elias Henry - which I obtained from his daughter - Annie Mae Sanders, one of the few remaining living in that generation.

Am in shock...counting Susan Cornelia (or rather beginning with her) including her children, grandchildren, and great grands...there are now about 30 families. Of course this includes Jaudon and her family too! I will be typing on this right along and hope to get it to you next week.

October is starting off with a bang here. Two weddings this Saturday, my brother from Louisiana here for the weekend, Jaudon and Sally Piper have gone to World's Fair for the weekend for the second time - they had such fun on the first trip.

Our love to you and Miss Cora. Hope to see you before too long.

Sincerely,

Sue K.
