Dear Dr. Peoples -

May 10 - '92

I'm just checking with you about the "Jardons of Carolina" series in the Transactions. Here are a few things we need

① Our papers do not include pages 76A-76B-76C-76D and 76E. Please send me copies of these pages.

② Also - our papers do not include footnotes #183-184-185. These footnotes were on the last page - and have been misplaced along the way. I've never had them.

Now - for Transaction #97 for 1992, we plan to print through family #41 (page 62) and including family #48 (page 69). If we have more space than for these 8 typewritten pages for Transaction #97 (1992) and want to include another family or so, where would you suggest stopping? Number 49 begins with Gloriana Lawton.

I have a copy of your additions to pp 68-87 that was submitted by you March 1992 - If there are others, let me know -

Ralph Hornby wants his lineage papers to include the name of Charles Colliton's wife. (She married him after the birth of two children.) I've told him to send in the correct papers - not typed - and I will

put them in the file - So - this showed end his  
dilemma. Mr. Hornley is not well at this time but  
plans to send the lineage papers in a week or so.  
I hope this will satisfy everyone. I've talked with  
Mary - and she agrees.

On best to both -

Sincerely -

Alma
