Dear Robert,

I was really surprised to receive your letter, and glad to know that we will have some more additions to our Jaudon work in "Transactions".

Since before we did Part IV, I have been working so long on "Registers of Death", 6 volumes, plus Index, (Colonial Cemetery-over 11,000 burials!), then we did the first ledgers for Bonaventure, Catholic, and Laurel Grove (these were not published), and we have 2 other volumes ready to be published if we can get Grants: "Early Deaths in Savannah, 1763-1803, Obituaries and Legal Notices", and "Laurel Grove-South, 1852-1861", this is the Black section.

Right now I am trying to finish the first volume of marriages for Chatham, 1748-1852; volume 2 is also in the works. Don't know how I got to be the typist for all this. Wish I had had my word processor when we were doing the Jaudons before, it is wonderful not having to type everything over, when you have additions or depletions.

Aren't we glad that we had so much done ahead, it does simplify matters somewhat.

In checking through my notebooks (not files)...

You say you have small additions on several pages- I have:

p.64, add 4th child of Eugene Porter, Corine M. Jaudon, born Dec 1887, married Wylly C. Canriett/Canvet.

p.66, at top, add #8, Martha Jaudon married E. D. Stockman.

p.69 under Caroline Mae Askew...their two daughters were Alberta Robertson, m. Phillip W. Beckwith, and Electa Robertson, m. Howard J. Hoffman.

on pages 77, 78, 84: I do not have additions on those.

That takes us through p.87, so I will get this off to the box, and then finish finish going over the rest.

My best to Cora.
