Hon. Joseph Lawton,
Hartsville, S. C.

My dear Friend:-

So also were your father and your uncle. I have often thought of your useful life, how worthy of those who have preceded you. Today in looking over some of the papers to which I have fallen heir, I came across the enclosed folder. When I opened it I was struck with the likeness as I knew him 75 years ago. First in my grand mother's home, then in his own. I thought you would like to have it, not only for the likeness, but the associations. Wishing you and yours the best there is,

I am, Cordially & Sincerely,
Robert O. James.
