Dear Dr. Peeples —

Jane Holman told me that you were interested in my descent from Thomas Smith. I'm enclosing a chart for you to have.

I'm making real progress with my family records. Jane and I have helped each other immensely.

I've recently subscribed to The Genealogical Helper out of Logan, Utah, and find it interesting. Whether or not it proves to be informative remains to be seen.

They advertise a computer Research service which I intend to try. Have you had any

experience with this? It looks promising.

I understand that if there is any background material on any name or family, the Normans have compiled it, wherever possible. I'll let you know if the results are fruitful.

I'm still searching for information on the Dickinson & N & Millen lines, as well as the Thew & Pringle. Do you by any chance have anything on any of these? I'd appreciate your help.

I'd like to keep in touch with you, whether or not you can help me further.

Hope to hear from you soon.

Sincerely

Mary O. Soule
