April 23

Dear Mr. Peeples:

I was very much interested in your article in the April Islander. My son, Victor L. Johnson^{III}, who publishes Island Events at Hilton Head, named his son, now 2 1/2, Kirk Stoney Johnson, after Kirk and Stoney ancestors at Hilton Head. He asked me for some geneological data and my wife's cousin Nora Prest Nichols Carter, the geneologist of the family, responded to my request with a chart, copy enclosed.

Your article has allowed me to fill in a few dates and place names. You refer to Braddock Point having been won from "Col. John Joseph Stoney". The chart lists him as "Dr. John Joseph Stoney". Was he both? He would have been young Vic's great-great-grandfather.

Sincerely,
Vic Johnson Jr.
