

I know you have no Youmans blood but thought you'd like to know what's going on. When we prove what our family knows (I'd give anything for the little book my mother had and which I may yet turn up) a lot of people are going to wonder about so much misinformation! Capt. Levi was the son of John B.S. in spite of his will leaving him only a cow and a calf as he did also to his daughter, Mary Smith. Ruth

P.S. Miss Egrie's Papers is not easy to have a lot but not put together. P.O. I want. Papers married. Mayson.

September 27, 1985

COME ONE, COME ALL! Yeamans, Yeomans, Youmans, Family, Friends, and Genealogists!

Our meeting will be held in Savannah, Georgia, Oglethorpe Mall Branch of the Savannah Public Library on Saturday, October 19, 1985. Registration will begin at 10:30 A.M.

Please publicize this meeting, spreading the word in every way you can, but most of all come yourself and bring as many with you as you can. Please run copies of this notice for your family members as I'm not sure that all are on this mailing list.

Once again, we would like to get all five-generation charts completed and to Columbia so please bring all your family history such as bibles, land documents, wills, etc, old papers, letters and anything that would help in our family history search.

Some new information has been found verifying the fact that Levy (Levi) Youmans was in St. Augustine after the Revolutionary War, but returned to the Beaufort District.

Ruth Elsom has already contributed money to a genealogist to start a history search on the family. Hope you like the idea enough so we can get on with this and avoid much repetition. Some of us have searched our family back to a certain point but we need to go back to the time they came to America and before in England.

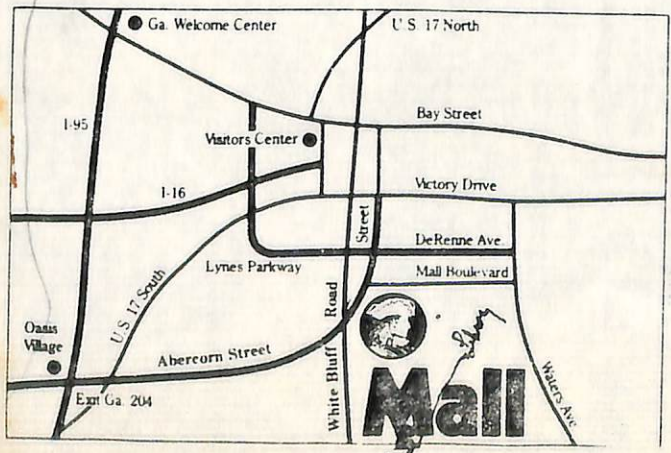

This meeting will probably be more of a workshop. We will meet from 10:30 A.M. until 6:00 with a lunch break at 1:00 P.M. There are many nice places to eat nearby that we can direct you to.

I apologize that we did not find a satisfactory place in Beaufort as was requested but maybe this can be accomplished next time.

I may be reached at 355 2971 (Area Code 912) after 6 P.M. most any afternoon if for some reason you would like to call.
