Dear Robert -

Again, I have time for merely a "lick and a promise" of a letter, as I am still moving and beginning school tomorrow. How happy I'll be when things begin to settle down again!

Enclosed are copies of miscellaneous seeds and ends of material Mrs. Brownlee has been gathering for you and Miss Cara for the past month or so. I frankly haven't had time to sit down and pore over all this information, or compare it with my Milom material (it is all packed up, of course), but I am sure you will give it a thorough going over right away. It looks interesting, however, and I sincerely hope you and Miss Cara will find something helpful to your research. Naturally, Mrs. Brownlee will continue to keep an eye out for y'all in Laurens, and I shall send copies of everything she finds, as soon as I receive them.

I still don't know my new address, but will send it to you as soon as possible. I have been warned that it will be at least a month before I can have a phone put in, so my oral communication will be "zilch" for a spell.

Stay in touch, and I'll do my best to do the same, even if it's just a note.

Warmest regards - Paul
