December 19, 1997

Dear Cora + Bob,

Your letter was most interesting, your level of energy and activity is bewildering.

I am enclosing family record written by Mrs. Martha Norton Buckner sometime before she died in 1892. My Aunt Beth (Mrs. Walter Norton) may have shown this to you but I am sending it in case she didn't. Martha on page nine, referring to the Mosses says "their graves are lost, or nearly so." While she is not specific it appears that they were buried on their property in Black Swamp. If a local newspaper a day or two after George Mosses's death 17 February 1808 <sup>is located,</sup> it might indicate where he was buried.

Congratulations on what you have done concerning the George Mosses Chapter, SC SAR.

Hope you both stay in good health.

Love sends love as do I.

Sincerely,

George Norton
