Dear Bob: Enclosed herewith is a copy of the picture out of the Book that I wrote you about the other day. Miraculously, the Library got the book for me very quickly. I made 2 copies of the picture that I am sending you 1 of---and would like to send my extra copy to either Spencer Lawton for his father, or to Tom Lawton---but I do not know whether or not either of them are descendants of Gen. Alexander R. Lawton---if it isn't too much trouble will you just jot it down for me, if either one of them goes back to the Alexander R. Lawton on the enclosed stamped, addressed postcard and drop into a mailbox to me. Thank you. Incidentally, it is also interesting to me that my ~~great~~ great grand father, Robert Godfrey II's father whose wife was Julia Greene, was also Alexander R. Norton---our Alexander R's R was for Robert, I believe, I wonder if Gen. Lawton's R. also stood for Robert; Alexander R. Norton's brother was Alexander Calhoun Norton---golly, how the names come on down don't they?

In my usual dumb way---I fell 3 days ago, and now have torn cartilages in the chest and am in a great deal of pain---poor Blackie gets so outdone with me because I keep falling and breaking either a wrist, or ribs, or an ankle, or something---but I tell him, that I just can't help it, with this total hip replacement that I have, I just do not have a good enough control over the left leg, and if I start to go down, I just fall---can't stop myself!!! That is one of the bad things about "getting old"

love to you and Miss Cora, always,

Dinnie
