

Friday 20<sup>th</sup>

Dear Robert:

Thank you so much for your most interesting letter & the enclosures - I certainly enjoyed reading about the Ceremony even tho I could not attend - I feel entirely up to making the trip but was afraid to "push my luck" as the weather was so unsettled & the air travel out of Orlando so terribly hectic since Disney arrived - such for living so long - I am quite sure that I am quite capable to do many things that I deny myself as family & friends keep warning me - I am enclosing the information you asked for - I haven't the data at hand as somewhere along the line the family bible was lost & it is, I feel, correct but couldn't

swear to it if necessary - Anyway it is close enough -

I certainly will appreciate any & all data you can give me about the Stoner family.

There was a maiden lady who taught in the Camden for many years & lived with my Aunt. She, late in life, married a Mr Darlington ("Coon" he was called) and went down there to live - Her name was Lizzie - I am quite sure you know of her. She was beloved by every one -

Bill Stoner's father was the Minister in Camden for many years in my youth - His first wife died (I don't recall her name) he then married Miss Shannon & had several children. Bill was the youngest so quite a bit younger than I as I had, by the time he arrived, he came a teacher in the Camden School & taught a couple of his

brothers, leaving Camden before he  
got to me, went to Atlanta where I  
married & lived for many years until  
we moved here when my husband re-  
tired - Amen.

I would love to meet you so hope at  
some near time you would have a  
"you" to see Disney World & come this  
way - I live about 30 minutes drive  
away & would like to have you make  
my little home your headquarters -  
This little town is very pretty with  
rolling hills covered with Citrus & many  
clear blue lakes & I am quite sure  
you would enjoy seeing it, all - I live  
a very simple uneventful life, more or  
less cared for by the whole citizenry  
which is very comforting & tho I might  
not be able to help you around too  
much you would enjoy it - So  
remember you are welcome -

Fondly  
Maida Watson
