Dear Chaplain Peeples:

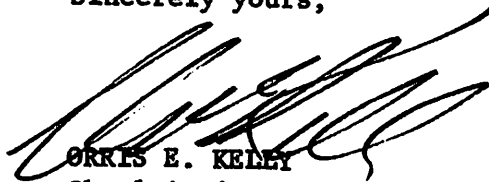

We received your note in reference to your status in the Extension Course Program.

You have completed 70 credit hours for the current enrollment year ending 8 May 1963. This fulfills the yearly requirement of 70 to 80 credit hours.

We checked your records and find that you only need to finish Sub-courses #207 and #233 to complete the Chaplain Officer Career Extension Course (E-24). You are to be commended for your diligence because we know that with pastoral responsibilities it requires a great deal of extra effort.

If you have any further questions, please write.

Sincerely yours,

MORRIS E. KELLY
