CHARLESTON HEIGHTS, S. C. 29405

Fri 24 Aug 79

Dear Betty,

Thanks for inviting me to the Santa  
Reunion.

Enclosed is a letter written by my  
uncle Adasia Benjamin Rhodes, my father's  
youngest brother. I suppose this letter  
confirms that Jehu went to Fla.

The other information was written on  
the back of the photostatic Family  
Tree that I sent to you but was  
written on Geo Edwards copy so I  
am sending to you. This is about the  
2 brothers at Grays Hill on Port Royal.

The schematic drawing is for you  
as my 1st Cousin Geo Edward grew up  
as a boy and left Estill in 1923. He  
lived at the old place. He insists that  
it was called Hickory Hill.

So these two men actually lived at  
the old Home and I find it interesting.

Keep these for your files as I am sure that you have many.

Last week my five grand children were here and my four. We really had a good time. Yesterday Ricky Fulmer my wife's Brother's son came to see us. Smart Clays says that he likes his Cousins and is visiting each as he decides what to do after college and before going to work.

Many thanks again to  
you and yours -  
Walter
