Dear Bobby,

Finally found your Christmas letter and enjoyed your activities. Enclosed is a money order for Thirty Dollars for McConnell's book Ancestral Peregrinations. That must be some book with a name like that. Some time ago you mentioned that you were working on the John Rhodes family (uncle of Thomas Rhodes) papers. Save me one. Yes I have the book OUR FAMILY CIRCLE . Yes I would like a copy of your George Rhodes papers. Yes I remember the William Cuyler Johnston house and several were trying to move the house to a lot on my property but several would not let the trees be pruned on the street near the Baptist church .Interest faded and regret that some do not see the need to remember the past. I was real upset when I almost sold my mothers house but when they planned to tear it down then I balked. Thank goodness my Brother's wife decided to buy and move to town.

Your letter 1 Sept 79 was most appreciated as it cleared the air as for as a few things were confused. The date 1718 has always confused me on the chart that I sent you. This date must refer to the John Jenkins who married Phoebe Chaplin mentioned on that chart.

By the way Cooper Stonestreet a Methodist minister on Hilton Head grew up with my kids and his parents are our very best friends. His wife Martha is an excellent person and good girl. I think Martha and My oldest son were CO - Presidents of the Student Council at North Charleston High School .

Let me know if I am supposed to go to any meetings of The First Families as I have not received any notice so far.
