Bar R and C,

I received the application and am up a tree. I do not have any records from 1st Landgrave Smith to Mary Cater second wife of Thomas Rhodes. The tree that was on the chart that I revised with the exception of not living at Sheldon was about as accurate as I can get and I sent you a copy. Also, I looked all over Our Family Circle for My name. Looks like the last ones mentioned were Daniel Benjamin and Adelinda Gertrude my fathers parents. Maybe some one forgot to send it in.

Please fill out the papers enclosed and send back to me. My son Theodore Milton Rhodes, Jr. wishes to join also and I have a \$35.00 check in my pocket ready for final acceptance.

Hope to see you at the Lawton reunion. I think Mr. Boinset said \$100.00 for me and \$35.00 for one son. Milton also has a son named Theodore Milton Rhodes.

I had a conference with Mayor John Bourne of our new city North Charleston and he is going to fund a Historical study of our area. I will be envolved.

Thanks and if a fee, please advise.

Regards

Milton and Frances
