Dear Robert:

Even a mule or goat knows when to stop butting his head against a brick wall, that is reinforced with steel.

You & Lawton seem to be saying, "Do not confuse me with the TRUTH, my mind is made up."

The enclosed data, has been in you all's hands from about 1972-1980. I do not believe you have even read it.

Enclosed are; Daniel Robert M Jeanne Gautier, at Bouloegne, FRANCE. Both are natives of Suisse. See how they moved around?????Also between Europe - British Isles, which owned most of present France.'

Letter from Neuchatel (which you may not have) with chart 1987, refers to 1972 & 75.

My hand List of Rev. P. Rober-Robert-Roberts' close Family 1976, which I know was sent to Lawton & the HSSC.

*David &
Rev P's TIME*

Bishop of Basel Procedure Civil B 183/23 Dated 1626 6/16 January ----to 1664 Now you figure this out.

Note: There are a lot of English sounding names scattered in all of these Records.

Last but not least: Picture/p-c of a picture of my No 2 son, at Charleston, headed for Europe. He came back & M a Michagin gurl, and their 3 sons were born near Oxford, England 1969-71. I wonder where their Baptz. Records are. I think the 1st one, I have in the files.

Anyhow, I hope you see the Ouachita Parish Library aCopy of "OFC" by Miller & Peeples. Still think you should put your name on it, or who ever gathered the data. That means something, in years to come

Say "Howdy" to Miss Cora. I gotta quit. My index fingers are so stiff they are hitting the wrond thàng! :

Best Regards,

Ed Roberts II
