Re: Your November 27, 1989 Letter

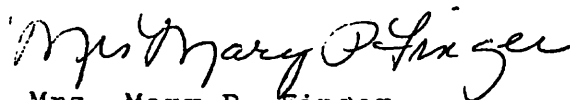

Dear Dr. Peeples,

I have brought your request to establish a Memorial Fund in the name of Rev. Pierre Robert to the attention of the St. James vestry. In keeping with the By-Laws of St. James all gifts or contributions involving a continuing action or effort on the part of the vestry are reviewed for acceptance. It is the decision of the vestry that the administrative effort and cost does not warrant our establishing a separate memorial fund as requested. Accordingly we are enclosing you check herewith.

Concerning the June 17, 1989 offering, it was delivered to me only with the instructions that it be used for Brick Church purposes. In keeping with this the money was designated as part of the Brick Church fund. This fund is used only for the maintenance and restoration of Brick Church. Unfortunately the specifics of this collection were lost to Hurricane Hugo. However my available records indicated the June 17 collection from the dedication service was in excess of \$800.

We appreciate your interest in the restoration and maintenance of Brick Church and hope that the foregoing decision will not diminish your interest and concern for St. James Santee.

Very truly your,

Mrs. Mary P. Finger
Treasurer
