Thanksgiving greetings!

It is Thanksgiving time again and one of the things we all can be thankful for is the continued enhancement of the medical treatment capabilities at the Hilton Head Hospital. For example, surgical procedures have increased steadily each year. There have been 94 babies born in the new obstetrics unit since it opened its doors on February 28th of this year.

This progress was made possible by the generosity of the Hilton Head Island community in supporting the ACE Drive of 1981, the subsequent Thanksgiving Letter campaigns and the many activities of the Hospital Auxiliary. In addition, the contributions from these campaigns have this year made possible the state of the art addition of the following diagnostic and supporting equipment valued at over \$600,000:

- | | |
|-------------------------------|----------------------------------|
| Autoalternator | Dyna Detector |
| Arthroscope | Technicare Ultrasound |
| Life Pac | Ventilator Round Probe |
| Completed payment for OB | Ventilator Power Pac |
| Microfilm for Medical Records | Two Laparoscopic Forceps |
| Ultra Sound | Touchscan Analyzer |
| Middle Ear Analyzer | Four IBM Computers and a Printer |
| Blood Pressure Monitor | Blood Gas Analyzer |

Hilton Head Hospital has organized a non-profit foundation which will assume and carry on the activities of the Hilton Head Hospital Trust and which will be governed by the Board of Trustees. This new organization, known as the Hilton Head Health Foundation, will provide a vehicle not only to continue the prior works of the Hilton Head Hospital Trust but to expand upon those activities to provide a focal point for implementing all future full-scale fund raising programs and on-going endowment activities. Utilizing the separate organization in this manner will most assuredly increase rather than limit gift opportunities, and the new Foundation will be working diligently in those areas both now and in the years to come.

We ask that you join our distinguished list of hospital donors. We seek your support for funds that will permit our hospital to keep abreast of the ever changing technology in medical science. We would appreciate your returning the enclosed card with partial or full payment as convenient.

All of us associated with Hilton Head Hospital give you our pledge for continued excellence and wish you the best for the holiday season.

Sincerely,

William L. Bethea

William L. Bethea, Jr., Chairman
 Hilton Head Hospital Board of Trustees
