Dear Cousin Robert, I was just looking thru my genealogy stuff and ran across a letter from you dated 1946. I have moved back to Tennessee and want to start again on my family material. Your letter mentioned that our grandfather, Richard Baker, of Archdale Hall was killed in a duel. — any information on the Baker family would be appreciated — I have access to a Xerox machine, so I could copy whatever you send plus repay<sup>your</sup> postage.

also who owns the Terman Thous portraits of Richard & Mary Cater Baker?

Do you have any chart already made up of ancestors of Edmund Bohun? — I have the chart that was in Autobiography of Ed Bohun

Do you have much info on the Dorches group?

I also have no information on the McPherson family.

Any help would be appreciated.
